

Water Users Industry Users Group

Presenter: Bruce Adams
Water Conservation Officer
Governing Board Workshop
May 10, 2001

COMPREHENSIVE DROUGHT MANAGEMENT INITIATIVE

Task Summary

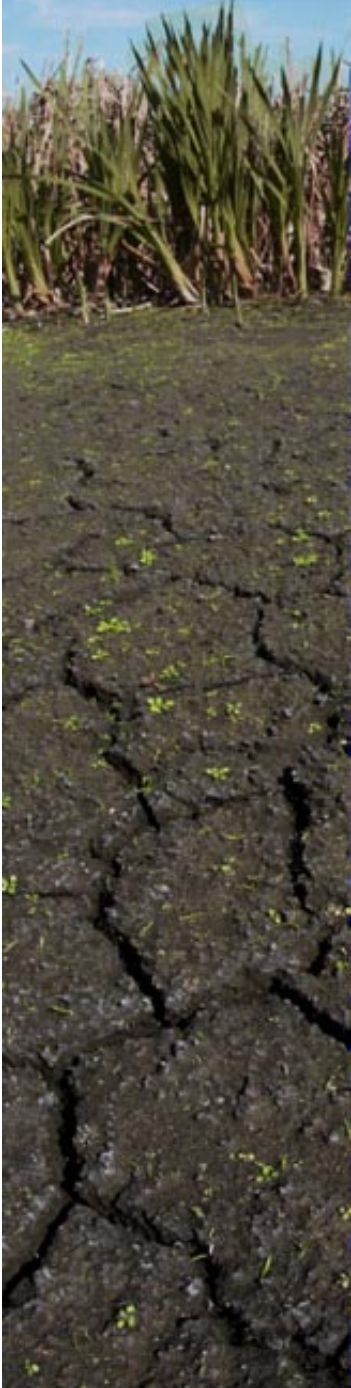

- Held Three “All Industry” Meetings
- Plus Five “Industry Specific” Meetings

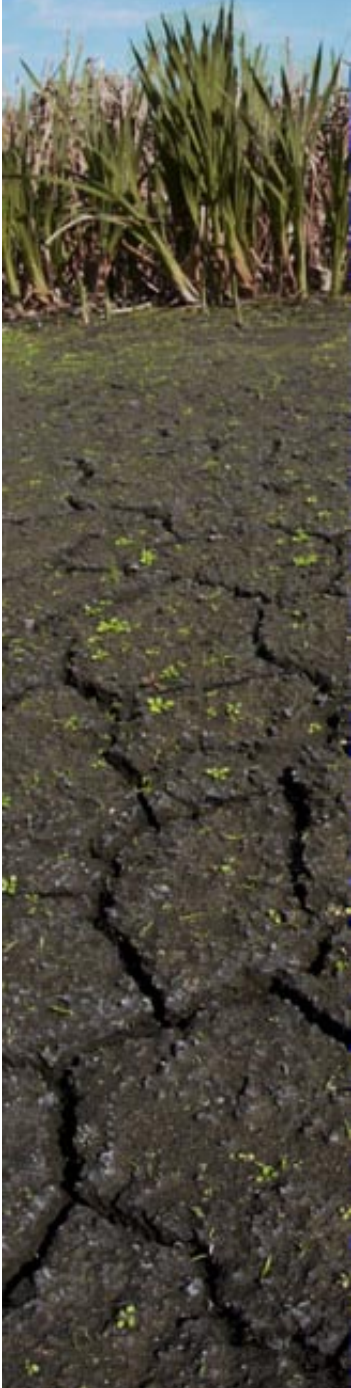

COMPREHENSIVE DROUGHT MANAGEMENT INITIATIVE

Task Summary

- 30 Day Task Deadline
 - Prepare Consensus Industry Proposal for Modified Phase III Restrictions
 - Target Phase III Water Use Reduction Goal- 35-45%
 - Reduce Specified Industry Economic Impacts

COMPREHENSIVE DROUGHT MANAGEMENT INITIATIVE

Water User Industries Participating:

Agriculture

Landscaping

Nurseries

Swimming Pools

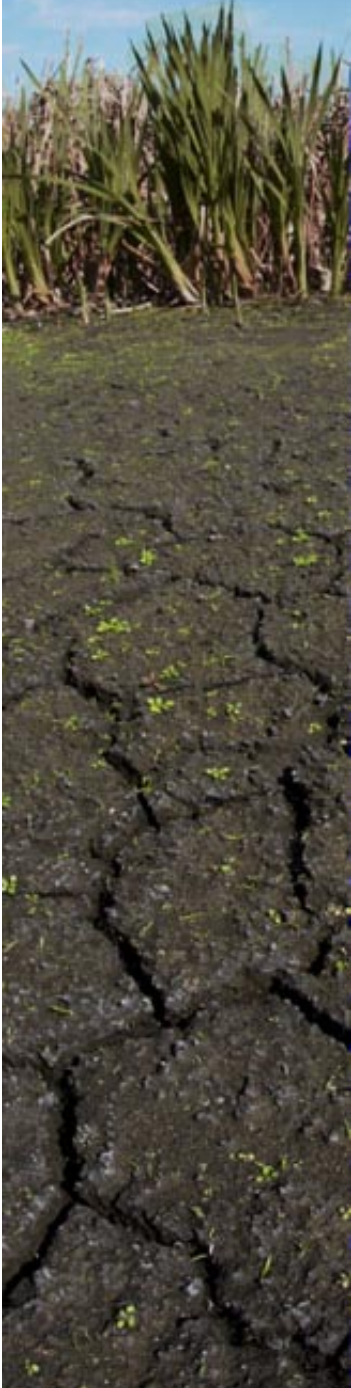

Fountains

Golf Courses

Recreation Areas

Water Utilities

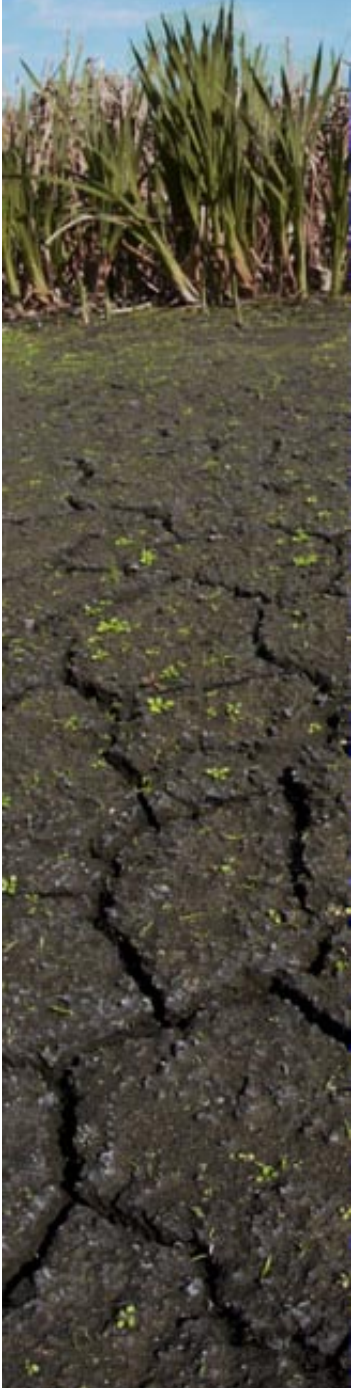

COMPREHENSIVE DROUGHT MANAGEMENT INITIATIVE

Industry Conclusions

- Question equity of water use reduction and industries not covered in Water Shortage Rule (will be considered in next go-round with expanded industry representatives)

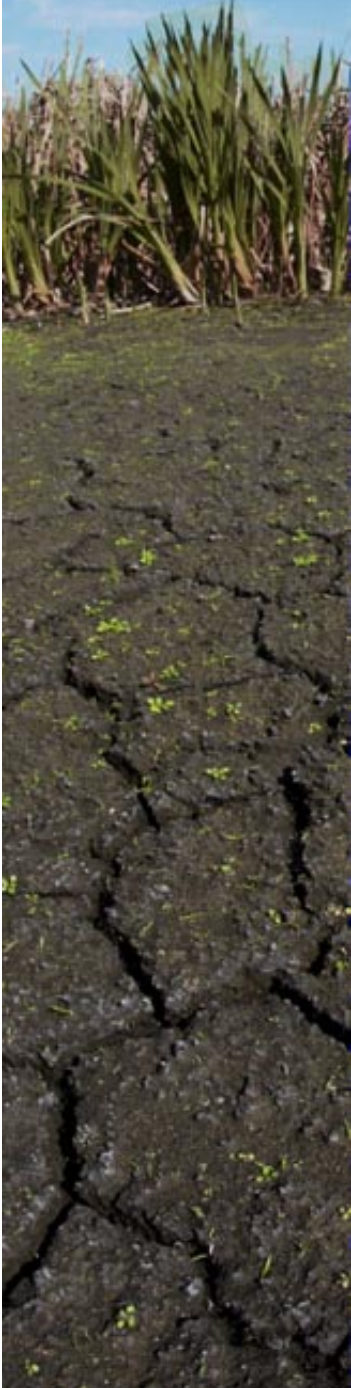

COMPREHENSIVE DROUGHT MANAGEMENT INITIATIVE

Industry Conclusions

- Need comprehensive review and revision of 1981 Water Shortage Plan
 - Request separating “Professional” water use from general public’s restrictions
 - Mover to restrictions which reward water use efficiency
 - Consider “science-based” restrictions to replace “hours and days” format

COMPREHENSIVE DROUGHT MANAGEMENT INITIATIVE

Industry Conclusions

- Need comprehensive review and revision of 1981 Water Shortage Plan (continued)
 - Analyze impacts on water utilities of compressing hours at higher phases
 - Include water uses not covered in cutbacks, including:
 - All Commercial/Industrial use
 - Indoor Residential/Commercial use

COMPREHENSIVE DROUGHT MANAGEMENT INITIATIVE

West Coast Attendees to the April 26th Meeting
